Community Development Investment Letter #2009-6

December 16, 2009

**February 2010
12 CFR 24**

Mr. Gerald M. Klug
U.S. Bank, National Association
1307 Washington Avenue, Suite 300
St. Louis, MO 63103

Dear Mr. Klug:

This letter responds to the after-the-fact notice from U. S. Bank National Association (the “Bank”) that we received on November 25, 2009. The Bank indicates that it made an equity investment of \$4,540,137 in the Sunwheel Investment Fund, Limited Liability Company (the “Fund”) under the requirements of 12 USC §24 (Eleventh) (the “Statute”) and 12 CFR Part 24 (the “Regulation”) concerning national bank community and economic development entities, community development projects, and other public welfare investments.

The Bank indicates that its investment in the Fund will primarily benefit low- and moderate-income areas. The purpose of the Fund is to install twelve photovoltaic systems in low- income housing tax credit projects located in San Francisco and Los Angeles, California. The project qualifies for Renewable Energy Credits.

The Bank attests that it is eligible to provide an after-the-fact notification, and that the investment complies with the public welfare and the investment limit requirements of §§ 24.3 and 24.4 of the Regulation. As we indicated in our previous opinion letter dated November 28, 2006 the OCC will permit the bank to provide after-the-fact notifications for its future Part 24 investments up to 15 percent of the Bank’s capital and surplus. The OCC’s decision to allow the Bank to make after-the-fact notices up to 15 percent of its capital and surplus is based on the determination that the Bank continues to be well-capitalized, and that the additional investment amounts do not pose risk to the Federal Deposit Insurance Fund. In no event shall the Bank’s aggregate investments, including their contingent liabilities under the Statute exceed 15 percent of its unimpaired capital and surplus.

The response set forth in this letter is based on information and representations provided to us by the Bank. Any change in the nature, amount, or purpose of the Bank’s investment could result in a different response being rendered concerning the conformance of the Bank’s investment with the Statute and the Regulation.

This response regarding the Bank's Part 24 investment and activities, and communications by OCC employees in connection with this filing, do not constitute a contract, express or implied, or any other obligation upon the OCC, the U.S., or any agency or entity of the U.S., or an officer or employee of the U.S. This response does not affect the ability of the OCC to exercise its supervisory, regulatory, and examination authorities under applicable laws and regulations. The foregoing may not be waived or modified by any employee or agent of the OCC or the U.S
